Spring Household Hazardous Waste Collection Events in Central Illinois

Following a temporary suspension of Household Hazardous Waste (HHW) collections, the Illinois EPA is announcing upcoming HHW one-day collection locations for the spring of 2023. Operations have also resumed at five previously

established long-term HHW collection locations. Illinois EPA offers residents free HHW collection events to safely dispose of unused or leftover hazardous products commonly found in homes.

One-day collections are open to all Illinois residents and operate from 8:00 a.m. to 3:00 p.m. on the day of the event. Pre-registration is required for all spring 2023 collection events. Residents participating are encouraged to bring chemical cleaners, oil-based paints, thinners, antifreeze, motor oil, gasoline, kerosene, weed killers, insecticides, and pesticides, old or outdated medication, and similar hazardous household products. Fluorescent and other high-intensity discharge lamps may also be brought to the collections. **ITEMS NOT ACCEPTED** include latex paint, explosives, propane tanks, fire extinguishers, smoke detectors, agricultural chemicals, and business wastes.

Nearby event locations:

- **April 15th in Champaign at the State Farm Arena**
